

# Duke of Kent School celebrates its latest ISI inspection

The results of the inspection were received in January and Duke of Kent School has been deemed to be fully compliant in every respect, with no action points recommended. This follows the trend from our ISI Educational Quality Inspection in 2017 when the school was rated 'Excellent' in all domains. The inspectors observed lessons, conducted formal interviews with pupils and staff, reviewed surveys completed by staff, pupils and parents, examined samples of pupils' work and reviewed all areas within the operations regulatory framework. Duke of Kent School Head, Sue Knox commented: "this result is testament to the hard work of every single member of the School community ensuring that Duke of Kent School is the very best it can be."

IN November 2019, Duke of Kent School underwent the Independent Schools Inspectorate exacting Regulatory Compliance Inspection. It was held over two days with both staff and pupils involved, giving the inspectors a full insight into the teaching and management of the School.
